Dear Parents, Caregivers and Whanau

Tomorrow marks the end of our Term 2 Clubs programme. We have had 8 weeks of fantastic learning based around children's interests. From dance to science experiments, computer coding to TY toys, we have had something for every child to delve into.

The interest level, engagement and enjoyment has been high throughout the programme. Our aims were to have children trying new things or following new learning. This has certainly been happening.

This programme has only been successful because of the fantastic help we have had from our school community members. I wish to thank all of the adults that have either run or helped run an activity. These included: Joy Excell, Jane Lewis, Keight Hunter, Jazz Ledgard, Lynlee Jones, Sheril Jones, Tracy Newlands, Melissa Austin, Felicity Sheppard, Megan Willans, Clare Ngakai, Megan McMurtrie, Tim Carter, Mark Wallace, Christine Wallace, Keryn Maynard, Allana Pullar, Tara McDonald, Adrian Braaksma, Sarah Hodginson, Jenny Alber, Holly Taylor, Steph Braaksma, Karen Murdoch, Terri Jones, Vaughn Filmer and Karyn Gamble.

We are running our Clubs programme again next term. We look forward to having even more people involved. If you are able to help out and you haven't indicated already, please let us know.

We look forward to seeing you all at our parent-teacher interviews next Monday and Tuesday. If you haven't booked a time already please go to <https://www.schoolinterviews.co.nz/code?code=4wgr8> and book in a time. These will be closed off at 9am tomorrow so teachers can assign times to anyone who hasn't chosen one themselves.

Welcome To Te Anau School!!!

Terran Yasar and Chloe Harden are FIVE and both join Mrs Hansen's class in Room 12. Happy 5th birthday to you both!!!

Enviro Snippet of the Week

Many Uses of White Vinegar

Vinegar's magic ingredient is acetic acid, which comprises about 5% of the finished product. Vinegar has been produced commercially for about 2,500 years, making it one of the oldest products in use by humans. There are many different types of vinegar out there, but white vinegar is the most useful and the most versatile by far.

White Vinegar for cleaning the house: Vinegar can help with a variety of cleaning tasks, since the acid acts as a disinfectant and an odour neutralizer.

- Clean and deodorize the drain by mixing equal parts vinegar and baking soda and putting it down the drain. After letting this fizzing mixture sit for a few minutes, flush out the drain with warm water for a clean and stink-free sink.
- Use the steam from a boiling bowl of vinegar and water can loosen caked-on food and get rid of odours in the microwave, too.
- Let vinegar soak on tile grouting and scrub with an old toothbrush to whiten up.
- Bring lightly scuffed or dirty DVDS back to life by wiping them down with some vinegar on a soft cloth.

White Vinegar and Cleaning Clothes: Vinegar works magic on upholstery and fabric too.
